

One A Day 150 Ways To Keep Kids Happy In The Holidays

Are you looking for inspiration? One A Day is packed full of suggestions for fun activities, with imaginative use of everyday materials and games that are appropriate for different ages. Directions are given for all of the easy to do activities that will really keep children enthralled for hours. Go on; utilize their creativity at home, outdoors, whilst travelling, on holiday, or, if you're a teacher, in the classroom. You will get your money's worth many times over as it is packed full of suggestions for fun activities you can do together. An expert in the fields of education and parenting has written it. (I have been teaching for thirty years and have successfully raised three children.) One A Day knows no geographical boundaries and it has universal appeal because children are the same the world over. The main difference is the language they speak, but they all want to play and have fun. This book will help you to do this together. I suggest games and activities to do indoors, outside and ones that are suitable for inside and out. Get rid of your children's holiday boredom and have fun all through the school holidays.
