

Bullying Ends Here.: The Secret To Stopping Bullies In Their Tracks

This book is for you, a victim of bullying. Admit it. You get bullied. People degrade you, push you around, force you to do things you don't want to do, they step all over you for their own amusement. They have no respect for you. They think you are weak, and therefore automatically subject to anything stronger. They consider your existence to be solely for their own amusement. Obviously you don't want this. Perhaps you've pleaded with them, hidden from them, fought back against them, told somebody about it in the hopes that they could help make it stop, but still, the problem persists. People will tell you to suck it up. They tell you that kids can be cruel, and that you'll either have to stand up for yourself, or just deal with it. All you're left to wonder is: why won't they just stop? This book is for you. Within these pages, you will learn the secret to permanently ending all forms of bullying in your life. This is information that works, and that hardly anybody knows about! When you employ the methods laid out in this book, you will be amazed at how simple it is to end your bullying. Like magic, you will no longer be troubled. Take back your power. Bullying ends here.
