

## SPECTACULAR GOLF TECHNIQUE

The Spectacular Golf Technique™ takes all the guesswork out of the setup proceedings and the golf swing. Once you learn how to perform the Spectacular Golf Technique™ you no longer will need to guess how far to stand from the ball during your setup routine. (The square alignment and on-line swing path of the clubface will remain locked-in irrespective of how near you stand in relation to your ball.) You no longer will need to guess how wide or narrow your stance should be. (The square alignment and on-line swing path of your clubface will remain locked-in irrespective of the width of your stance.) You no longer will need to guess how much to flex your knees during your setup routine. (The square alignment and on-line swing path of your clubface will remain locked-in irrespective of the flex in your knees.) You no longer will need to guess how much your shoulders should be tilted when assuming your posture to your ball. (The square alignment and on-line swing path of your clubface will remain locked-in regardless of how much your shoulders are tilted at final address to the ball.) You no longer will need to guess about whether you should begin your downswing with your hips, shoulders, or arms. (The square alignment and on-line swing path of your clubface will cause you to swing your hips, shoulders and arms all in unison during your downswing.) You no longer will need to rely on guesswork to return your clubface squarely to your ball at impact. (If you execute a non-manipulative golf swing, your clubface automatically will return squarely to your ball at impact and so will your on-line swing path.) Gordon Jackson has written more extensively about golf instruction than any one in the history of the sport. He has produced more than 50 instructional DVDs, written more than 30 Special Reports and published twelve books on his Locked-In Golf techniques. His books include: \*HOW TO HIT A

GOLF BALL AS  
STRAIGHT-AS-AN-ARROW\*HOW TO  
LOCK-IN A PERFECT GOLF  
SWING\*HOW GOLF WORKS\*TOO  
SIMPLE TO BE GOLF\*THE  
LOCKED-IN GOLF METHOD\*HIT IT

GOLF\*STRAIGHT SHOOTING  
GOLF\*HOW TO HIT A POWER  
DRAW\*HOW TO HIT A PERFECT  
FADE\*HOW TO LOCK-IN A PERFECT  
GRIP\*THE LOCKED-IN GOLF SWING  
After many years of extensive research and thousands of experiments, he was the first to discover the fundamental flaw of golf which he characterizes as the Vardon Curse. The Vardon Curse simply means the instant a conventional style of grip is formed on a golf club, the wrists will rotate the clubface to an effective open alignment and to an out-to-in swing path, creating a slice ball flight alignment. Since such discovery, he has designed, developed and perfected more than 100 techniques to convert the inherent slice ball flight alignment to a straight ball flight alignment to produce a golf shot as straight-as-an-an arrow. The instructions to perform many of these techniques on DVDs are available at <http://lockedingolf.com> and <http://jacksongolfmethod.com> In addition, he has designed, developed and perfected more than 30 techniques to lock-in and produce shaped golf shots. The instructions to perform many of these locked-in shaped golf shots are available at <http://shapinggolfshots.com>. Instructions to perform his locked-in putting techniques may be found at <http://lockedinputting.com> Also, many of his techniques as well as much of his research, experiments and validated tests are addressed in his books, DVDs, Special Reports, blogs and articles with one purpose in mind: TO TRANSFORM GOLF FROM A GAME OF GUESS TO A GAME OF SUCCESS.
