

## Raise Your Standards High: Date With Dignity

At what point do you say, Enough? It doesnt matter how desperate you feel to keep someone in your life, you should be willing to let go of any bad relationship that keeps hurting you your sense of self, your values, and most certainly, your standards. It hurts me when some of my coaching clients tell me unbelievable stories of how they keep begging somebody who doesnt treat them with love or respect, to stay with them in a relationship or marry them. I love you, I love you, I love you. Please come back to me I cant live without you, and after all the begging they are still treated worse than before, that is not the kind of relationship you want for yourself. Its not healthy. Most women/men would rather have some crumbs rather than no crumbs because the relationship has robbed them of the strength to leave. Thats not your portion in Jesus name! By accepting a bad relationship, what youre basically saying is, I dont love myself. I dont care how people treat me. I dont want the best for me. I dont respect myself. Its simply saying, I dont think that I can do without you yeah I know you dont treat me right, but its better than nothing at all
