

50 Interviews : Entrepreneurs

There are two types of people in this world; those who ponder and those who act. 50 Interviews showcases the latter, showing us that with enough desire and persistence, anything is possible. The progress of our society depends on those who act and this book is a celebration of their contributions.

Through the process of interviewing, a truth emerges as to why some people act and others do not. You will find their answers offer real life wisdom, insight, and an honest glimpse into the mindset of a true entrepreneur. Explore the perspectives of ordinary men and women who took destiny into their own hands and pursued their entrepreneurial stirrings. These entrepreneurs are living proof that anyone can create something from nothing. They teach us that failure is the pathway to success, a burning passion the essential fuel, and having a purpose bigger than ourselves leads to true fulfillment. Over 50 entrepreneurs are featured including; Michael Gerber of E-Myth Greg Stroh of Izze Beverage Bob Parsons of Go Daddy Group Kim Jordan of New Belgium Brewing Company ...and many more!
