

International Politics on the World Stage: John T. Rourke (Brown & Benchmark)

This text reflects the authors view that our lives are affected by world politics, and is designed to enable students to learn how a better understanding of world politics can be a useful tool in dealing with the complexities of modern life. Covering events up to early 1997, each chapter has a Did you know section that encourages students to think critically about world events and how the outcome will affect their lives. Key terms are highlighted to aid the students understanding of each chapters basic concepts. It is aimed at the political science, international relations and social science markets.
