

# A Marriage Made for Heaven (Couple Workbook): The Secrets of Heavenly Couplehood

Using the monthly, 12-session marriage enrichment program laid out in this workbook, couples can now get the most from the spiritual significance of their bond. Unlike Catholic marriage preparation programs, this course applies rich theological content to directly support current married life. From activities and quizzes to group discussions, a variety of intuitive tools help spouses each using separate workbooks become closer not only with one another but also with their community. Trustworthy, orthodox, and referencing the best research in marriage and family psychology, this is an ideal resource to be instituted in any Catholic parish or home alongside the related leaders guide.
