

## JACK McAFGHAN: Reflections on Life with My Master

This book was written to comfort and guide those who have lost a beloved pet, friend or family member. You might think it is about death and loss, but this book is about life and love. Written from beyond Rainbow Bridge, the canine Jack reveals secrets to living a life full of love as well as methods of coping with life after loss. As he teaches what to expect during the grieving process, he gently guides the reader from grief into healing. If you can receive Jack's message, you will join many other readers who have been healed by the time they turn the final page. Once you learn how to do it, Jack's wisdom can be applied to every relationship in your life for as long as you live. Jack brings the wisdom of a lifetime to his readers and expands our tolerance and compassion for all of humanity. This honest and heartwarming account of Jack's life will touch everyone who has ever loved. It matters not if they have four legs or two. Jack leads us to a higher love while teaching the art of letting go. He extends himself to every creature of the earth, every human on the planet, every spirit in the universe and most of all, to the bona fide Master over heaven and earth.
