

## The Agency 1: A Spy in the House

Steeped in Victorian atmosphere and intrigue, this diverting mystery trails a feisty heroine as she takes on a precarious secret assignment. Rescued from the gallows in 1850s London, young orphan (and thief) Mary Quinn is surprised to be offered a singular education, instruction in fine manners, and an unusual vocation. Miss Scrimshaws Academy for Girls is a cover for an all-female investigative unit called The Agency, and at seventeen, Mary is about to put her training to the test. Assuming the guise of a lady's companion, she must infiltrate a rich merchant's home in hopes of tracing his missing cargo ships. But the household is full of dangerous deceptions, and there is no one to trust—or is there? Packed with action and suspense, banter and romance, and evoking the gritty backstreets of Victorian London, this breezy mystery debuts a daring young detective who lives by her wits while uncovering secrets—including those of her own past.
