Interwoven in between the fun tales of good time had; youll learn about the history of the countries you will visit. Randy writes, In time those who have gotten to know me, or more importantly become a part of one of my stories, have figured out that in my case I really dont need to make up a story. Its in the livin where I find most of them. Sure on occasion my Irish heritage kicks in and a smattering of blarney helps bring color, laughter and mirth to the story line. But, for the most part; they are 100% true! That or I just like making people laugh! For example, later on if you can suffer through this book you will find out that I had balls enough to ask Jack Nicklaus if he wanted to wrestle. He declined and I declared myself the winner. Or the time I was an hour and a half late to interview the legendary Arnold Palmer, in his own home, and I sat down and said, How are you Mr.

Trevino? And yes, I really did give a neck rub to a Nobel Peace Prize winner.
