

## Trouble in My Way

ITS ALL HER MOMS FAULT. If she hadnt snooped into Kariss diary, she would never have found out that Karis went to a boys house without permission. Now Karis is grounded, which means no modem, no iPod...and no cell phone. Theres just no way a cute, popular, high-schooler can survive being cut off from the world, so Karis is forced to sneak around behind her mothers back. But the way shes acting makes Karis feel guilty -- even if it is her moms fault -- and she doesnt like the feeling. Her scheming is starting to cause other problems, too. Borrowing a friends cell phone has turned into a catastrophe that may break up her oldest friendship, and the cutie she met after drivers ed is acting a little scary. Will the faith her mother has taught her be enough to help her find her way through this trouble...and show both the world and herself that shes a stronger, better person than even she ever knew?
