

The Handmaiden of Death (Dark Angel Trilogy Book 1)

Sixteen-year-old Amber Marsden must fight for survival after a botched drug deal leaves her orphaned on the frozen streets of present day Detroit. Her hope for rescue fades until she mysteriously awakens in the opulent abode of prominent businessman Fortis Lombardi, who offers the wayward teen a place to stay and the chance for a new life. Over time, Amber discovers that her wealthy guardian has been harboring a dark secret that will change the course of her life, forever.... Set against the backdrop of a city in decline, *The Handmaiden of Death* is a fast-paced, darkly spellbinding foray into the human psyche that will captivate fans of the vampire genre seeking a story with a lot less sparkle and a lot more bite. Written by Sarah Stafford, a Michigan native with lifelong ties to the Detroit area. Sarah earned her BA in History from Oakland University in Rochester Hills, Michigan, and has lived abroad and traveled throughout the US, Europe, and Asia. In praise of *THE HANDMAIDEN OF DEATH*: Compellingly-written, character-driven story that follows the life of a wayward teen from the wrong side of the tracks who finds herself the guest of a wealthy man who turns out to be someone she never expected. Dialogue is incredibly naturalistic and flows to create scenes rather than relying heavily on narrative description to set the stage. Unique and fresh perspective on the vampire genre and full of deep, symbolic prose reminiscent of Anne Rices works. I highly recommend this up-and-coming author and look forward to the next installment in the series. -- Bethann Rodgers, *The Bookish Maven*, A Literary Blog My daughter-in-law lent me her Kindle and I absolutely loved it so I purchased a free edition for myself online. I expected something fairly similar to *Twilight* based on the cover. Pleasantly surprised by the lack of graphic sex and violence, however,

there were quite a few places where it got downright creepy so if you like your vampires scary this might be the book for you. -- Goodreads Reviewer
