

After The Fall

Anas had her foot on the gas pedal of the self-destruct truck ever since her mothers murder. In a last-chance foster placement before she turns eighteen, Ana vows to dust off her self-control and keep her big mouth shut. Blending in at school is easy. Even a spot of casual stalking cant hurt - unless her new best friend is crushing on the boy in question too. When Ana overhears said gorgeous creature, Dev, talking with her own shrink, and about her no less, she ditches her new policy of thinking before acting. A recon mission takes Ana to the graveyard adjoining Devs place. Instead of answers, she gets a run in with a Dark Angel whose sole purpose is making Ana a permanent resident of the cemetery. Dev saves her life, and Ana learns her fascination stems from a link stronger than attraction; Dev is her Guardian Angel. Anas at the epicentre of a battle, and if she wants to save herself and Dev, she needs to find out why. As Anas schemes lead toward her final confrontation with the Dark Angel, she discovers Dev has concealed the real purpose behind his protection. If thats not messed up enough, she finds out the angels are connected to the reason shes spent a lifetime in foster care. To bring down the Dark Angel, Ana must make a choice: trust Dev and face her long-suppressed past, or sever their bond and shatter a love that would define her future.
