

# Economic and Social Survey Of Asia and the Pacific 2014: Regional Connectivity for Shared Prosperity

The Survey 2014 examines the regions challenges to support its economic growth and to promote inclusive and sustainable development. Part I of the report focuses on the regions outlook as it contends with the ongoing global recovery and assesses the regions policy response to remaining and emerging vulnerabilities. A special theme is domestic resource mobilization in Asia-Pacific, which explores the challenges on strengthening tax revenues. Part II of the report discusses strategic approaches to strengthen regional connectivity to achieve shared prosperity.
