

Back to Tradition - The Classic Guide for Modern Brides Who Want a Unique and Memorable Wedding

It Will Be the Best Day or Your Life... ..or the Most Embarrassing! As a bride-to-be you want a wedding day that is both special and memorable. Youve been waiting for this all your life and it needs to be perfect. If youve been planning your wedding and wondered what was missing, this book has the answer! I want you think back to when you were a little girl. Do you remember looking at photographs from your grandmothers wedding? Perhaps some really old photographs from her mothers wedding? What were these weddings like? Were they simple? Formal? Regardless of the style of wedding, I can tell you something that weddings from this time did have... Elegance. If you look at photographs of most modern weddings, you may see expensive gowns or fancy locations, but you dont see the elegance. Thats something you cant buy. Elegance is free. This book will help you to bring back the elegance and sophistication of weddings of the past. Mixing these classic wedding elements with the modern aspects of current weddings will enable you to create a one-of-a-kind event that will leave guests talking for years and be a monument to the love you feel for your soon-to-be husband. Eleanor Kennedy has been a wedding planner for over 40 years and successfully organized thousands of wedding and special events. She lives with her husband in La Jolla, California.
