

Beneath Castle Walls (Sleags Quest, Book 4)

What lies beneath the walls of Twin Rivers Castle? And how will it help . . . or hinder Sleags Quest? When Sleag and his friends arrive in Valley Green, they split up in order to discover the truth of the rumors about Princess Lyndygel and the Wizard King, Lorehawk. Lem must fight for his job at the castle, even as Negera becomes apprenticed to another powerful wizard and must learn if he is friend or foe. Sleag and Danagh try to raise an army out in the countryside, and nearly come to blows when things go badly. When Breena goes shopping for clothes and shoes, she overhears the truth about Lorehawk and Lyndy -- she is not pleased. ODoone drinks his way through every inn and tavern in Castletown where he meets a beautiful wench with her own special magic. His strength of will is tested at great cost. A rebellion is brewing, and Lyndy must choose who to love in order to save her son and her kingdom. Surprises await and darkness threatens them all.
