

## Bistro (Cafe)

According to an amusing, but undoubtedly incorrect etymology, the word bistrot goes back to the times of Napoleon. It is said that Russian soldiers in Parisian bars shouted bistrot (hurry up) to get a drink. During the last 20 years, the bistrot has regained popularity. Many well-known chefs have re-introduced old recipes in their new Bistro style restaurants. This book allows you to bring a taste of this simple, yet scrumptious fare to your dinner table at home.
