

Salems Secret (Rebecca Brown Series Book 1)

Rebecca Brown is an extraordinary fourteen year old precisely because she is ordinary. Rebecca is the only non-witch in her family: the first in centuries and that makes her stand out. As she is about to enter Salems public high school, her parents announce that she is going to attend Salems school for magic. Armed with only her wits and her basketball prowess, Rebecca is determined to fit in and make friends even without magic ability. Suddenly she finds herself in the grip of a vast mystery that could affect the fate of the entire world: magic and non-magic alike. As Rebecca soon discovers, this is a mystery that as an outsider, she is uniquely skilled to tackle.
