Not from Here--Selected UFO Articles
Preston Dennett has written eighteen books and more than one hundred articles about UFOs and the paranormal. A seasoned investigator with 30 years of experience, he is a leader in the field. This book represents the culmination of his many years of research. For the first time, Dennett has released a collection of ten articles from his vast stock of more than a hundred. Each article is original and appears here in book form for the first time. Inside you will find the following articles and more: Conversations with Extraterrestrials In most cases, ETs are very tight-lipped. But in some rare cases, people have held conversations with extraterrestrials. Phone Call from an Alien UFO contact is much stranger than most people can imagine. Contact occurs in many ways, sometimes even by telephone. UFO--Dont Shoot When faced with the unknown, it is human nature to shoot first and ask questions later. But what if you shoot at a UFO? Alien Zoos Are there zoos onboard UFOs? The answer is yes, and they contain many strange creatures, some from here and some not from here. UFOs over Graveyards Why are aliens hovering over graveyards? These spooky accounts are both surprising and unsettling. They Walk Among Us Sometimes aliens are seen in the strangest places, including bookstores, convenience stores, buses, train-stations, casinos, schools, subways and more. The Alien-Clown Connection Alien screen memories come in many forms, but the alien-clown connection is one of the strangest of all. The Intimidation and Murder of UFO Witnesses Many UFO witnesses have learned the hard way that it can be very dangerous to be a UFO witness. Exposed--Project Redlight Not all UFOs are being piloted by ETs. In some cases, the pilots appear to be the U.S. military. Are we flying the flying saucers? Mining

Data on UFOs UFOs appear to have multiple agendas, including an active interest in mines and the precious metals of our planet.
