Max Vance's philosophy of the adventure-filled life has been gathered into one blockbuster collection at one low price. In The Adventure-Filled Life Collection you'll receive the following four books, all designed to empower you as a man to live a more fulfilling, rewarding life: The Adventure-Filled Life What is the best life that a man can live? The Adventure-Filled Life is an exciting alternative to the most common models of happiness, the American Dream of happiness by accumulation, and the Spiritual Model of happiness through self-denial. Combining the wisdom of Timothy Ferris, author of The Four Hour Workweek, and Odysseus, the greatest man who ever lived, The Adventure-Filled Life is a prescription for excitement, purpose, and a thriving life of challenge and achievement. Groundhog Day: Secrets of Success and Seduction from the Classic Movie The classic movie Groundhog Day starring Bill Murray represents the life of the common man all too well --stuck in a rut that he cannot escape. But the movie also provides a blueprint for the frustrated man to escape his repetitious prison life. The book Groundhog Day: Secrets of Success and Seduction from the Classic Movie explains how to free yourself from a life of drudgery and find passion. All I Really Need to Know I Learned in Jail I was terrified of going to jail. I shouldn't have been. Much to my surprise, my time in jail turned out to be one of the best experiences of my life.
