

North York Moors and East Coast Bouldering

This is the first fully dedicated bouldering guide to the whole of the North York Moors and its east coast. 384 pages covering 41 venues with over 2000 problems, from font 1 to 8b+, there are problems to suit all abilities. The guide is packed full of colour photos and topos to showcase this secret and stunning landscape. The guide contains established popular venues in the west, with the inclusion of more remote secluded hidden valleys. There are venues deep in the heart of the Moors, where sheep roam free on the purple blanket of heather that leads to an abundance of blocks and crags looking out on the green valleys below. The eastern areas reveal a journey back in time to a world of steam trains and ancient wooded boulders. Coastal bouldering beside clear blue seas is found along the stunning Jurassic landscape. The North York Moors has a many tales to tell of dreamers, explorers and smugglers. This guide hopes to capture the spirit of this beautiful historic area.
