

The Dawning of an Irish Psychic and Healer

Author Frank McQuirk's life began on an auspicious note, and he has since spent a lifetime exploring and perfecting his psychic abilities. As the seventh son of an Irish family, he was destined to have special abilities. Now, in this intimate and heartfelt autobiography, he shares the details of his life and his remarkable gifts. He has lived in nine different countries and is an adept student of their customs, beliefs, and practices. For a decade, he studied under master psychic Mary Valla and conducted classes on the law of abundance and aura viewing. The aura is a band of dim light that surrounds everyone and is normally invisible to our eyes. Frank discovered a simple method whereby everyone can view the aura in fifteen minutes-and he now shares his technique in full detail here. Frank also shares the secrets to astral travel and how you can harness a simple method to eliminate negative feelings in your life, rebuild your peace of mind after trauma, or recapture your dignity after embarrassment. Along with his discoveries, Frank shares the details and adventures of his life with the charm of a leprechaun and the audacity of the legendary Pooka, a phantom dog sent to help those who deserve divine guidance. Frank and the Pooka shared a lifelong bond. Through his life's lessons, adventures, and pains, Frank has found a way to navigate it all with hope. His approach to life is to avoid negativity, and this mindset will bring peace of mind to those who embrace it.
