

## Birdie

Its never too late to change your ways; especially when youre young. Troubled teen Mark Crowe has twenty-five weeks to do just that. At that point, hell turn eighteen and all his problems will go away (so he thinks). But it will take more than just reaching a date on a calendar. Mark carries around a checkered past, has never known a stable home life, and believes all his problems originate from the neighboring golf course. He feels the odds are stacked against him and nobody is willing to give him a chance. A probation officer provides some routine counseling, but Mark is often leery of him and the process. It is at the least-likeliest of places, on the links, working with a most-improbable ally, a visually-impaired golfer, that Mark finds encouragement and catches glimpses of a better path through life.
