

Two Friends, One Summer

We were best friends when we set out for France. Now I'm not so sure. Best friends Samantha and Rachel are spending the holidays with two families in France. They're used to doing everything together, but suddenly they're living in different worlds. Rachel's family is glamorous, vivacious and right in the centre of everything, but Samantha is stuck with a strict family who live in the middle of nowhere. Samantha is shaken - she's used to being the outgoing one, and now their roles are reversed. As new experiences and boys threaten the trust between her and Rachel, it looks unlikely that their lifelong friendship can survive this turbulent summer.
