

## Evade: The Ever Trilogy, Book Two (Volume 2)

In this thrilling sequel, Ever Van Ruysdaels race to beat the odds and the clock begins with the introduction of an integral part of her past. As secrets are revealed, and truths uncovered, she learns her imminent death is the least of her problems: Ariadne did more than just put an expiration date on her life; she marked Evers soul by upping its value for greedy collectors looking to buy their freedom. Condemned by the countdown on her life, and hunted by hired Seekers, Evers journey leads her to question everything shes known and everyone shes trusted, while growing closer to the one person from her past she was determined to avoid and the one guy she never could Toby James. With her ex-boyfriend by her side, and the countdown clock rapidly ticking away, Ever tries thwarting fates plans. But as her nineteenth birthday approaches, and desperate Seekers follow her every move, she may be too late. A marked soul is hard to come by . . . and even harder to escape.
