

The Third Testament Vol. 2: The Angels Face

Conrad of Marburg continues on his epic quest for The Third Testament. The Third Testament is a fabled relic, searched for by the Templars, the Church and Satanists alike. It is a relic that could potentially shake not only the very foundations of the Church but also shift the balance of power in Europe. As their quest takes them all the way to Toledo and then to the coast of Scotland. But can Conrad and Elizabeth discover the Testament before their pursuers? And what will they do once they get their hands on it?
