Introduction Find inspirational and motivational quotes and verses to assist you to celebrate the gift of life. Discover timeless wisdom and thought provoking contents that will challenge you to get more out of life. Understand yourself and life better. Celebrating The Inner You When we view life as a gift and time as being precious we are motivated to get the most out of each and every day. Let these easily read bite sized pages lead you on a journey with the aim of uncovering more and more of life's secrets most of which are to be found hidden just beneath the surface, and waiting patiently for you to dig and discover them. Understand life better and you will enjoy it more and be more productive. Be more aware and you will see and discover new things and be more willing to tackle life on your terms. Let life be an adventure. Be open to new ideas and concepts; realize that you can achieve anything that you set your mind to doing (providing it is of good intent). Let your inner instincts lead you forward. Trust and respect yourself and you will find that life has much to offer. Go out and play! The power of words . . . Words have power. If you let them they can quietly and gently speak to you. They can move and rejuvenate you. They can uplift you and fill you with thoughts, ideas and perceptions that will surprise you. And all you have to do is to read and let the words flow through you. Words easy to be understood do often hit the mark; when high and learned ones do only pierce the air. John Bunyan Poetry is like painting: one piece takes your fancy if you stand close to it, another if you keep at some distance. Horace Put in your effort and really enhance your life in order to get things in balance mix confidence, acceptance and life celebration trust in yourself and use your intuition How to use this book You can read this book from start to finish or you can dip into it as a resource when you feel the need to shed a little light
