

Shapeshifters Quest

Syanthes mother is dying. The same disease that ravages the land is killing the shapeshifter race, so tied are they to the natural world. Only Syanthe hidden at birth and lacking the Kings mark can leave the forest and travel to the capital city to obtain the medicine that is the shapeshifters last hope. Syanthes journey is soon linked to a caravan of traders led by the smoldering, powerful Jerel. Their quests and hearts will intertwine as they combine their magic to counter the dark priests who serve the powerful King.
