

Chelsea, The Vampire Experiment (a novel in installments Book 1)

AUTHORS NOTE, PLEASE READ: This novel is being released in installments. Readers may wish to wait and purchase the complete novel due in the Spring of 2013. Those who cannot wait, please carry on. Cheers! * * *Chelsea wasn't a girl who liked conflict or appreciated irony. Before she was bitten, everything was on track for her five year plan to Harvard Medical School. Then a silly dare, a stupid prophecy and a moronic vampire crush her human ambitions to dust. For a girl who never had a plan B, Chelsea got to forget about studying for the SATs. She'll need to get her mind and new fangs wrapped around feeding herself without killing her friends, and the boy she's loved since second grade. She'll have to learn to defend herself against the alpha vamp who wants her out and the old school vampire hunters who want her staked. Because she'll need her strength for the coming war against everything and everyone she's ever loved.
