

Tale of Two Wolves

There are two wolves. One wolf is a wolf of love, peace, joy, harmony, and healing. The other wolf is of evil, hatred, misery, discord, and destruction. The fact is that these two wolves are not in a physical sense but are living inside of all of us. The one that we constantly feed is the one that wins. This book will show you exactly how to always feed the right wolf and put the evil wolf to sleep.
