

# Contend Earnestly for the Faith: A Survey of Christian Apologetics

The Bible commands Christians to contend earnestly for the faith once for all delivered to the saints (Jude 3). Believers are called by God to rationally defend the Christian faith as we live in a post-Christian era. In this helpful survey, Dr. Fernandes introduces his readers to Christian apologetics, the science of defending the faith. He discusses eight different ways to defend Christianity. Some of the issues discussed in this book include arguments for God's existence, historical evidences for Jesus, and scientific evidence for God. The author also shows his readers how to respond to adherents of other religions. This book is a must-read for Christians who desire to effectively share and defend their faith with others. Non-believers who are seeking spiritual truth will also benefit from reading this book.
