

Dear Peggy: Peggy Vaughan answers questions about extramarital affairs

This book is unique in that it addresses issues of concern to everyone who has been affected by an extramarital affair. It contains 260 questions from men and women who have been on all sides of this issue, including those who have had affairs themselves, those who have been hurt by the affair of a spouse or committed partner, and those who have been the third party in an affair. The common thread of all the questions is the pain and devastation experienced by everyone who finds themselves involved in any of the various roles. This book provides valuable insight through Peggy Vaughans responses based on her 30 years of experience in helping people deal with this issue. And since most people are likely to be touched by an affair at some point (either personally or in responding to a friend or family member), it is essential reading for everyone.
