About the Author I come with over 20 years of experience building businesses on the Internet. That's right! I've been on the Internet since 1993. I have worked with several hundred businesses, from entrepreneurs and small businesses to Fortune 100 companies, including 3M, Dell, Advanced Micro Devices (AMD), the University of Texas at Austin, and Hyundai Steel USA. NONE of my books are about making money online by clicking a button. All of that stuff you read online from the gurus is total garbage. There is no easy, fast way to make millions. Sorry. If that's what you're looking for, look elsewhere for people who will lie to you and take your money. I'm not going to do that. My passion is taking the mystery out of the Internet and explaining in clear, easy-to-understand terms how to make money online. I strive to inspire you and prove to you that you can do it, and show you the exact step-by-step process many others just like you have successfully used. Scroll up and grab your copy today. *
