

Locating Atonement: Explorations in Constructive Dogmatics (Los Angeles Theology Conference)

The proceedings of the third annual Los Angeles Theology Conference seek to identify the place of the doctrine of atonement in systematic theology. Locating Atonement: Explorations in Constructive Dogmatics intentionally excludes discussion of theories of atonement, typologies of those theories, and contests among various theories. Instead, it undertakes the question: What else is there to do in atonement theology besides rehashing types and theories?
