

The Bible On Marriage, Divorce and Remarriage

Marriage is under attack! ...of course, this might be a shock to you if you weren't living in a culture in which 40% of people think marriage is a useless tradition -- even with all the evidence that broken families are ravaged financially, physically, and emotionally by divorce. Yet God's Word is clear that His institution, created at the beginning of time, is the foundation of a healthy family and nation. Ultimately, marriage is God's idea. So what are believers to do in an age of rapid-fire marriages, rampant divorce, and tricky remarriages -- individually and as a church? Pastor Doug Batchelor tackles these sensitive issues with tact and biblical clarity in an effort to help broken marriages mend, keep strong marriages together, and enable those dealing with divorce and remarriage to keep their lives in a biblical framework. Sure, perhaps it's a little strange that a person named Batchelor has written a book about marriage, but if you're struggling through a troubled marriage and divorce, you don't want to skip this counsel.
