

DocS Joke

Docs Jokes are one way to take the pain out of your body and wallet when you have an appointment with a medical practitioner. This book is a lighthearted counterweight to our daily effort, allowing us to chuckle at ourselves, our colleagues, our profession and all those who interact with us. The book is also a good source for a suitable joke or quip you might need for a lecture, a toast or a presentation. Open any page for a few moments of wacky entertainment. It makes a perfect gift for allyou, a friend or as a thank you gift for a colleague. However, it is light and extremely funny and might even be something parents could keep at a convenient place to be picked when theyre having a bad day so that they can just read a few jokes.
