This book is about my cousin, Billy a guy who taught me a lot over the years and who can teach you a lot. Everyone who really knows Billy is in awe of his lifestyle. He worked only a couple of years for a company, did not inherit any wealth, didnt rob banks or anyone else, yet has boats, planes and homes that he owns. His daily choice of wardrobe is 5 old T-shirts and 3 faded pairs of shorts. Billy is a mass of uniqueness in this world where most of us depend on the banks, credit cards, and working at jobs Monday through Friday, just to barely get by. We are all exhausted at the end of the week, playing catch up on errands and household chores during the weekend only to start it all over again week after week after week. Most of the book is in Billys own words, through my interviews with him, so that you get his story right and so that you can draw directly from his wisdom and take what you want from his way of living. Beware. It will take courage to do so.
