This will be a limited print. An oily smoke searched the streets of Eldarian, seeping through any opening it could find. Overnight, the population of Dalari disappeared, abandoning infants and elderly alike. Only the strongest would suffice. Forsaking the need for sustenance, they labored ceaselessly, driven by the geas of their master. Upon knee, they bowed before their new king, awakened to the glory of shadow. The Dreualfar turn to complete their next task. Thousands of Dreualfar swarmed upon unsuspecting lands. Entire settlements were left in ruin. A last stand of Dalari and Alfar pushed back, halting their progression. With balance shifted, the Dreualfar are forced underground and sealed away. Generations of men and gods work to right the wrongs. Overtime many forgot the evil trapped beneath their feet. In a new age, the shadow began to rise. From the ashes of death, four warriors become five, a union forged of blood and fire, The Order of the Trident.
