

The Winter of Magic (Ondine Book #3)

This third enthralling instalment in the young adult fantasy romance series takes a dark turn, as the country of Brugel descends into anarchy. Mutating magic is spreading across Europe. Normals are developing supernatural powers at a startling rate and 16-year-old Ondine appears to be at the heart of it. To unravel the mystery, Ondine and her boyfriend (and part-time ferret) Hamish infiltrate CovenCon, a gathering of hundreds of witches presided over by wanna-be-witch-queen Mrs Howser. There, she tempts Ondine with an intriguing offer - but can Mrs Howser be trusted? It transpires the powerful witch has her claws in the arrogant royal heir Lord Vincent, in a covert bid to control all of Brugel. As dark magic riots break out in the nations capital, Ondine is left with a heart-breaking choice that could tear her apart from her beloved Hamish. Forever. The Winter of Magic is the third novel in Ebony McKennas comedic and wonderfully weird four-part ONDINE series. Fans will devour this spellbinding adventure, which will have readers gasping in shock and laughing with delight. Occasionally at the same time.
