

# Economic Survey of Latin America and the Caribbean: 2015: Challenges in Boosting the Investment Cycle to Reinvigorate Growth

Published since 1948, this report examines various aspects of the previous years macroeconomic situation in the region and makes projections for the coming months. The 2015 edition of this report outlines the regions economic performance in 2014 and analyses trends in the first half of 2015, as well as the outlook for the rest of the year. It also analyzes the dynamics of investment in Latin America and the Caribbean, the relationship between investment and the business cycle, the role of public investment, infrastructure gaps and the challenges in financing private investment.
