

# European Union and New Regionalism: Competing Regionalism and Global Governance in a Post-Hegemonic Era (The International Political Economy of New Regionalisms Series)

Stemming from an international and multidisciplinary network of leading specialists, this best-selling text is fully updated with new chapter additions. With the first edition prepared at the end of the last century and the second edition adding inter-regional relations, this new edition focuses on competing models of regional cooperation within a multipolar world and the role of the European Union.
