

Fate of Our Allies: Book Two of the Fated Trilogy

A few months ago, Warren Hart changed Savannah Kanes world forever. He waltzed into her life, stole her heart, and exposed her familys connection to a secret society. Now he has disappeared, sucked through a portal with Piper, the wise little girl Savannah has come to love like a sister and Thais, the scheming villain who plotted to kill Savannah. Savannah teams up with their friend, Chase, to track them down, but as they search, Warren and Piper have a mission of their own. They must unravel the clues in a decades-old mystery and put a stop to the evil conspiracy that threatens everything and everyone they know. Told in alternating chapters, this sweeping adventure takes Savannah, Chase, and their friends across continents to the long-forgotten scene of a tragedy, where their quest to destroy the Mephistophelean gems will decide the fate of their allies.
