

## Fatherless: ...the Movement Is on

This is a moving account of one mans fight for his rights as a father and to protect his young daughter from her abuser. An explosive narrative of events that will draw you into the authors mind and heart, as he describes his shocking story. Fatherless is also a story of triumph and fortitude. Dean Browns journey from hopeful optimism to the brink of insanity, and back, is a moving tribute to his relationship with Christ and the Power of Prayer and Sacrifice. Expect to be taken through a journey that will leave you wondering, Have we all gone mad? Have we completely lost grasp, as a society, on the importance of fathers in the family? Deans story has given birth to The Fatherless Project. While he mentors and conducts weekly classes for inmates on Rikers Island, Mr. Brown has dedicated this project to enlighten and encourage fathers to reconcile with their children...mothers to seek and defend relationships between fathers and their children...family courts to place the needs of children before politics, and to promote healing for our families all across America and the world. It starts with a single voice... This is Dean Browns voice...May his story help you find yours!
