

Cape Horn Vol. 1: The Eastern-Facing Bay

A sprawling frontier saga rich with adventure and romance, set in Tierra del Fuego at the eve of the 20th century. The Land of Fire is an archipelago off the southernmost tip of the South American mainland. As the 19th century comes to a close, it is a vast and desolate land only frequented by gold diggers, English missionaries, Chilean and Argentine military, and the age-old Ona, Alacaluf, and Yamana tribes. In this unique world, where the Andean mountains plunge into the Pacific Ocean, several characters, each burdened by duty or fate, will cross paths and clash, on their journey through Cape Horn. From Christian Perrissin, writer of *El Nino*, and artist Enea Riboldi.
