

Feeding the Revolution: A Bigstove Manifesto

It has been said that the best way to make a small fortune in the food business is to start with a large one. The failure rates are downright depressing. Considering most food businesses start with zero clients and a massive loan payment, the results are not surprising. That's where BigStove comes in. It's like having your own personal test kitchen. Chefs can use BigStove to find clients, build a reputation and earn startup capital. Our ebook walks you through the BigStove model and provides a step-by-step process for getting your food business off the ground. It's chock full of tips and tricks, for less than the price of one of those fancy-schmancy gourmet cupcakes.

Ingredients
1 Broken food industry
2 Parts of the solution
1 Call to action
15 Examples of food revolutionaries
1 Guide to starting your own food business

Directions:
Step 1: Read about the state of our food industry until simmering.
Step 2: Crack open the 2 parts of the solution and let digest.
Step 3: Motivate self with examples of food revolutionaries.
Step 4: Follow BigStove guide to starting your own food business from scratch.
