

From Lyonesse to Alien Big Cats and back again: Volume One: A compendium of myths, legends, strange tales, and cryptids (Volume 1)

This is the first volume of articles that were originally published on my currently obsolete website. They are a diverse mix that covers the mysterious subjects that I have found interesting over the years. These range from the Lost Land of Lyonesse to Cornwall's very own Owlman and Morgawr the monster of Falmouth Bay. You will also read about Alien creatures with glowing red eyes, Alternative Three, The Cormons, Crystal Skulls, The Cumberland Spaceman, Dragons and Leylines, The Egg Project, the Hollow Earth theory, the possible connection between NDEs, OOBES and UFOs, and other strange events. If you enjoy this volume then, hopefully, you will also enjoy Volume Two which is another collection of strange tales.
