

## Teenage Kicks - a true story of dark streets to bright new beginnings

A childhood destroyed by abuse and abandonment. A life shattered by addiction and neglect. A true story of pain, self-torment and the necessities of surviving such an existence. When support from her family runs dry, 15-year-old Katie is faced with the harsh reality of life on the streets. Sucked blindly into the world of drugs and partying, this vulnerable young girl becomes ensnared in a web of abuse by feeders; her desperation and defenselessness proving a perfect pathway into drug street culture, self-harm and self-abuse. Providing shocking insight into the cruel truth of homelessness and drug use, Teenage Kicks tells the painful story of a young woman at a stage in her life where her worth is not realised, even by herself.
