

## Golf is Fun, (Or is it?)

Many years ago, two golfers were about to play the first tee. One looked very nervous as he prepared to swing, so his pal, watching on, interrupted him. To show he had complete confidence in his friends driving ability, he took off his shoe and sock, stuck his friends tee between his toes, and placed the ball on the top. Now hit it, commanded the prostrate pal. The nervous guy swung the club and promptly hit his pals toe, and broke it. A true story, but I do not know the source. The following 25 short stories and characters are fictitious, but any golfer will probably recognise themselves or somebody they know in the situations described. Golf is fun, or is it?
