

Oh Brother! The Life and Times of Jeff Fazzolari

There's a joker in every deck...and in every family Jeff Fazzolari was the author's kid brother, a feisty prankster with a talent for cooking and an obsession with Bruce Springsteen. Everyone in the Fazzolari family loved Jeff, tolerated his many tricks and quirks, and adored his recipe for stuffed banana peppers. Then one day, Jeff fell seriously ill.... This is the story of Jeff's adventures as a child and young adult, told in retrospect by his big brother. It is also the story of the author's struggle to accept a harsh reality, and a testament to a family's fierce love that cannot be altered, even by death.
