

## Mad

When the average high school girl discovers that she is pregnant she panics, which is exactly what 17-year-old Madison Huntington does when she realizes that after catching her fiancé cheating on her and getting drunk with the school freak, Sadler McDunn, she is, in fact, expecting a baby. But this is nothing compared to what happens when she miscarries. In a story of self-loss and self-discovery, Madison runs away from home, leaving a cryptic note as to her whereabouts, and transforms from a clean-cut popular cheerleader to living in a dirty Harlem apartment with a crew of drug dealers and developing addictions much different from the Coach and Prada infatuations she had before her world changed. Sadler also changes from a friendless and indifferent suburban drug dealer to a doting father-to-be, searching for his runaway partner and planning for a new life. Will he ever find Madison or will his search be in vain?
